

MEMBERSHIP FEE SCHEDULE

Membership Dues:

Contractors/Manufacture and Supply

The current fee is \$925.00 (hst included) for 12 months. First time members receive a discounted rate of \$350.00 (plus hst). Please note this discounted rate applies to first time members ONLY. This fee (whether first time or not) includes the use of our on-line construction reporting service(our Electronic Plansroom {EPR}), news only portion but does not include on-line access to plans, specifications and addenda. (***Contractors Category:*** *Shall include prime contractors and trade contractors* ***Manufacture and Supply (M & S) Category:*** *Shall include those members having contact with the construction industry, not coming within the scope of Contractors Category, and which are either: (a) a manufacturer, or (b) product/material supplier.*)

Associate

The current fee for Associates is \$395.00 (hst included) for 12 months. First time members receive a discounted rate of \$150.00 (plus hst). Please note, this discounted rate applies to first time members ONLY. This fee (whether first time or not) includes the use of our on-line construction reporting service (known as EPR), news only portion but does not include on-line access to plans, specifications and addenda. (***Associate Members Category:*** *An Associate Member is a member that does not qualify as a Contractor or Manufacture and Supply Member and which may provide secondary or indirectly related services to the construction services and may include architects, engineers, or service provider which may include bonding companies, insurance companies, brokers, trade journal publishing companies and credit information companies and similar construction industry professionals.*)

Electronic Plansroom (EPR): Access to our construction reports is available in two different forms:

- **News Only:** The news portion of the construction reports is included in the membership dues. "News" consists of Current Projects Out For Bid, Closing Date and Issuing Authority.
- **Upgrade:** The Windsor Construction Association scans all addenda, specs and drawings into our computer system and posts them on the Internet for our members' convenience. The cost to receive access to all addenda, specs and drawings is only \$525.00 (plus hst) per year (in addition to the standard membership fees). **The WCA is pleased to offer all new members a 6 month free trial of this service**, after which regular fees will be invoiced.
- **Southwestern Ontario EPR Upgrade:** The WCA has a reciprocal agreement with the London and District Construction Association as well as the Grand Valley Construction Association in which WCA Upgraded EPR members can upgrade their access to include projects from either of these Associations for an additional cost of \$600.00 (plus hst) for each market area (forms and payment for this service to be submitted to the market area.)
